[Edit customer details](#)

2 Bike

Select one of this customer's bikes or add a bike.

Carver AllRoad Carver · AllRoad · titanium

[Change bike](#)

Add intake photo

Optional but encouraged · automatically optimized

[Take photo](#)

[Choose photo](#)

3 Accept custody

Record how this Shop received the bike.

Intake method

Ordinary Shop drop-off is selected by default. Choose pickup when the bike was collected elsewhere.

☒ **Dropped off**

☐ **Picked up**

Actual intake date

09/20/2026

Defaults to today. Choose an earlier date when entering an intake after the bike was received.

► **Condition at Intake** Optional

4 Intake details

Keep the customer's concerns separate from Shop observations.

Customer request / reason for visit

Use the customer's words when useful.

Shop intake observations

Existing condition, damage, and obvious issues discussed.

Required when no service is selected.

Customer-reported Concerns

Record unresolved needs separately from authorized work. Concerns have no price and do not authorize a repair.

Concern

e.g. Rear brake cutoff broken

[Add Concern](#)

Accessories left with bike

Lock, lights, battery key...

Turnaround expectation

Promised completion date

Optional · only when explicitly promised

mm/dd/yyyy

Use for a specific customer commitment. A loose estimate belongs in Turnaround expectation.

5 Accepted service

Add known work now, or leave this empty until diagnosis.
